Off-Campus Accommodation – Homefinder Service

Full details about the Homefinder Service are available at www.maynoothuniversity.ie/homefinder.

This service is an information service and offers a database Maynooth Studentpad (www.maynoothstudentpad.ie) for local homeowners and landlords to connect with students. This is a self-service and properties are not inspected by the university.

As the university is located in a residential area, most of the accommodation offered is within owner occupied homes. Towns outside of Maynooth should also be considered and there is information on the website on options to travel to Maynooth from surrounding towns.

The advertising schedule is always available on this page along with details on how different cohorts of students gain access to the online database www.maynoothstudentpad.ie and at what time of year.

Access to the database:

- Students registered with the university:

You can access the database using your university credentials. Visit www.maynoothstudentpad.ie

- Students not yet registered with the university:

Students who are not registered but have received a confirmed offer of an academic place should contact homefinder.service@mu.ie for further details.

The database is only available to registered students of Maynooth University and St Patricks College Maynooth and students who have a confirmed offer of an academic place.
