PPI Ignite was born...

- Open call 2017
- 350K x 5 Universities
(DCU, NUI G, TCD, UCD, UL)
- March 2018

Did we know all the answers at the star?

- We didn't even know all the questions!

What is public and patient involvement?

Research being carried out ‘with’ or ‘by’ members of the public rather than ‘to’, ‘about’ or ‘for’ them.

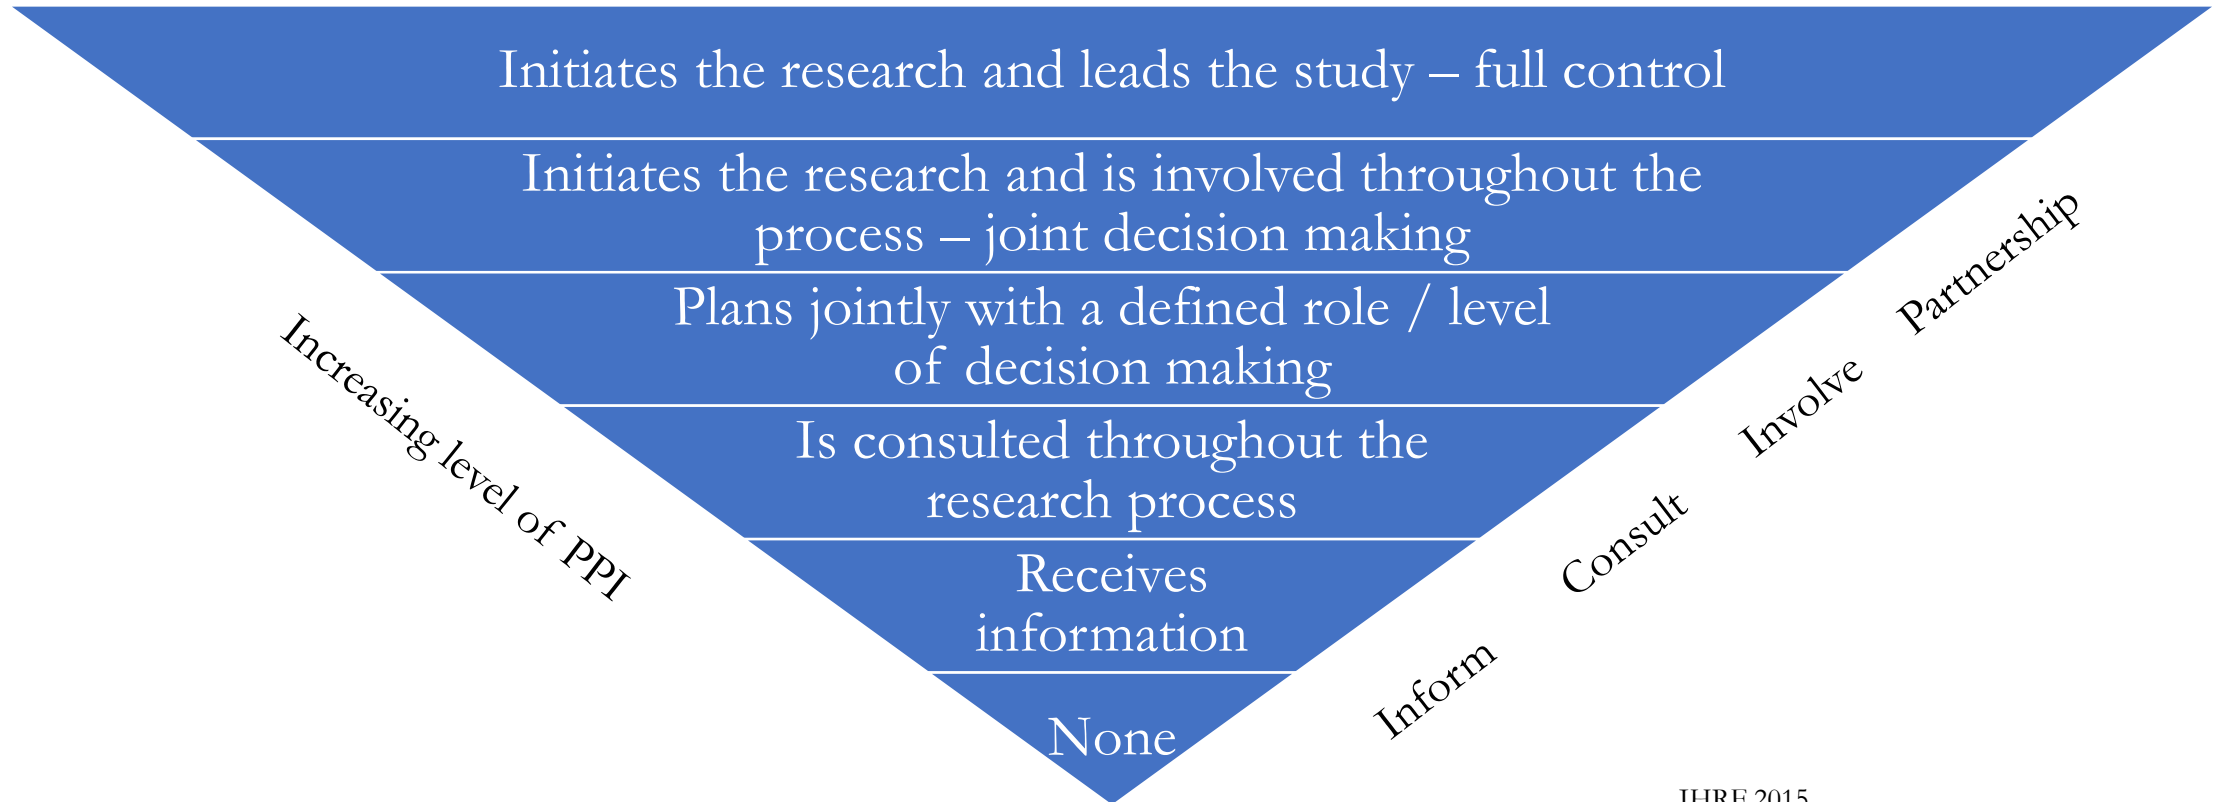

“Nothing about us, without us”

PPI spectrum of involvement

IHRF 2015

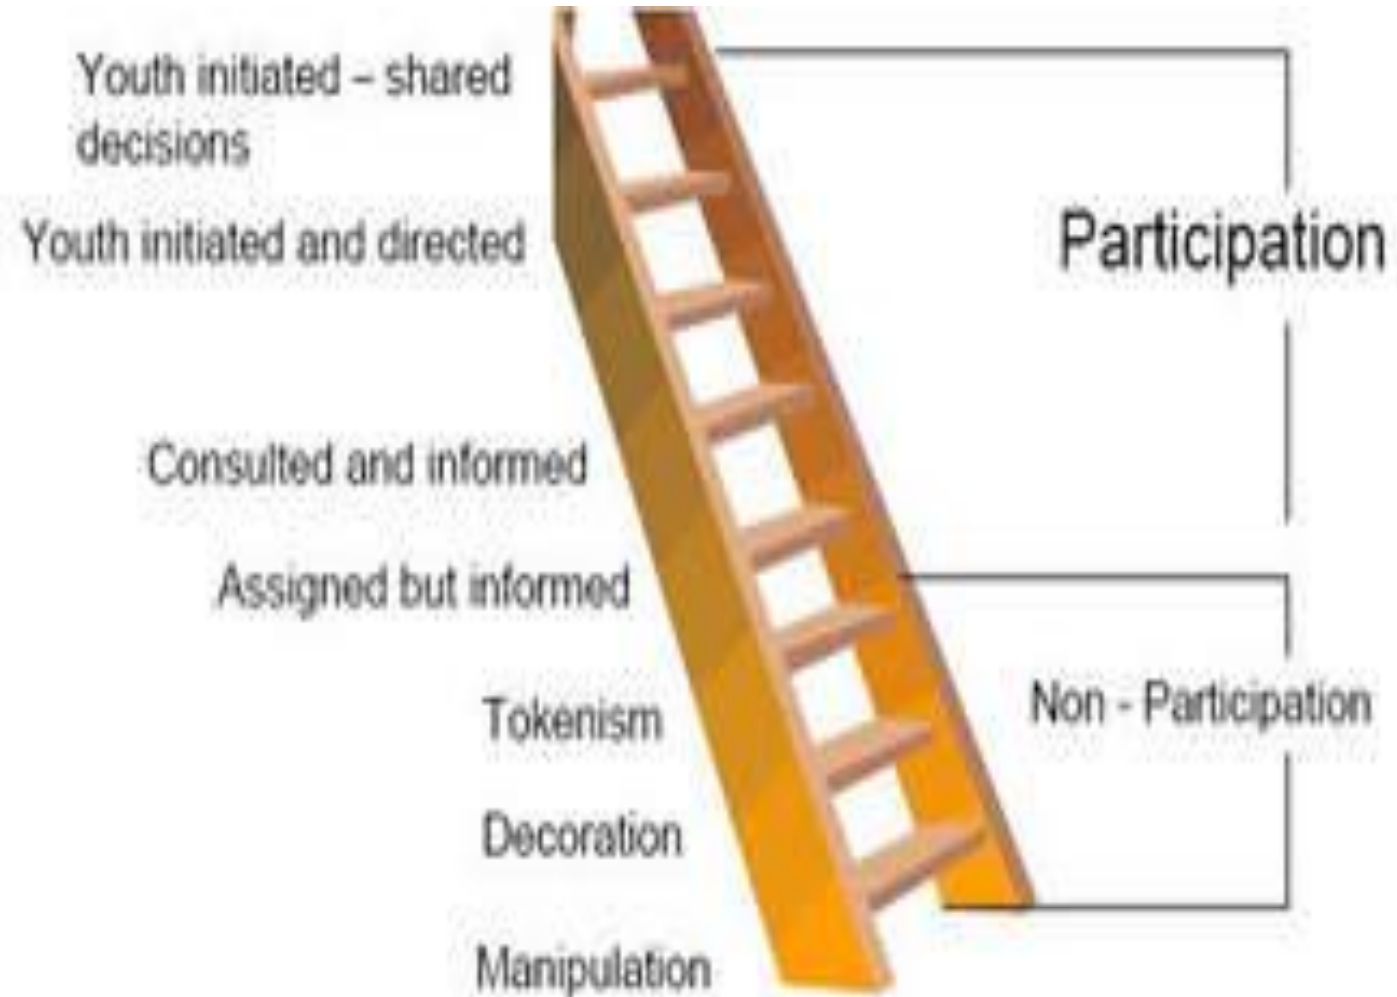

Arnstein's seminal work 1969

Arnstein's Ladder of Public Participation

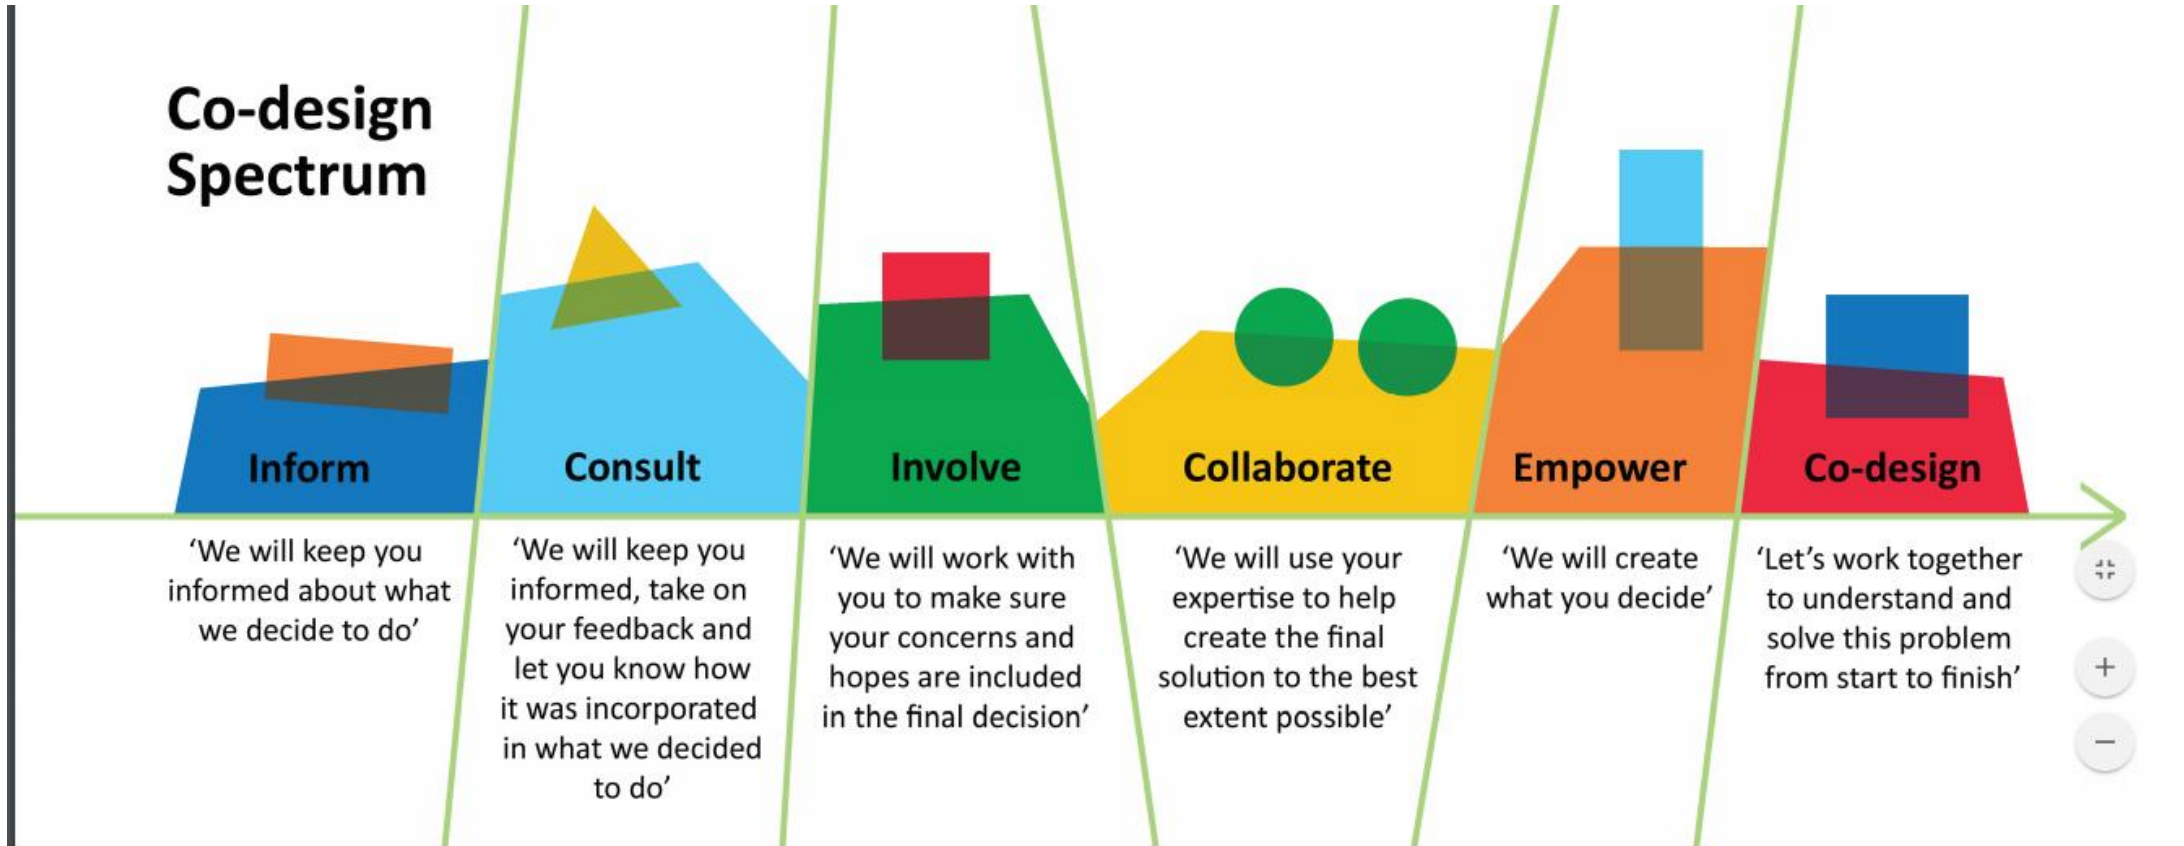

- Continuum of power sharing.
- Different degrees of citizen participation
- Starting from the lowest rung of manipulation to highest level of citizen control where power is transferred from government to the people.

Roger Hart's (1992) Ladder of Young People's Participation

What level of involvement you are aiming to achieve?

- *If you are aiming to move beyond 'Tokenism' to 'Partnership' in your research project then...*

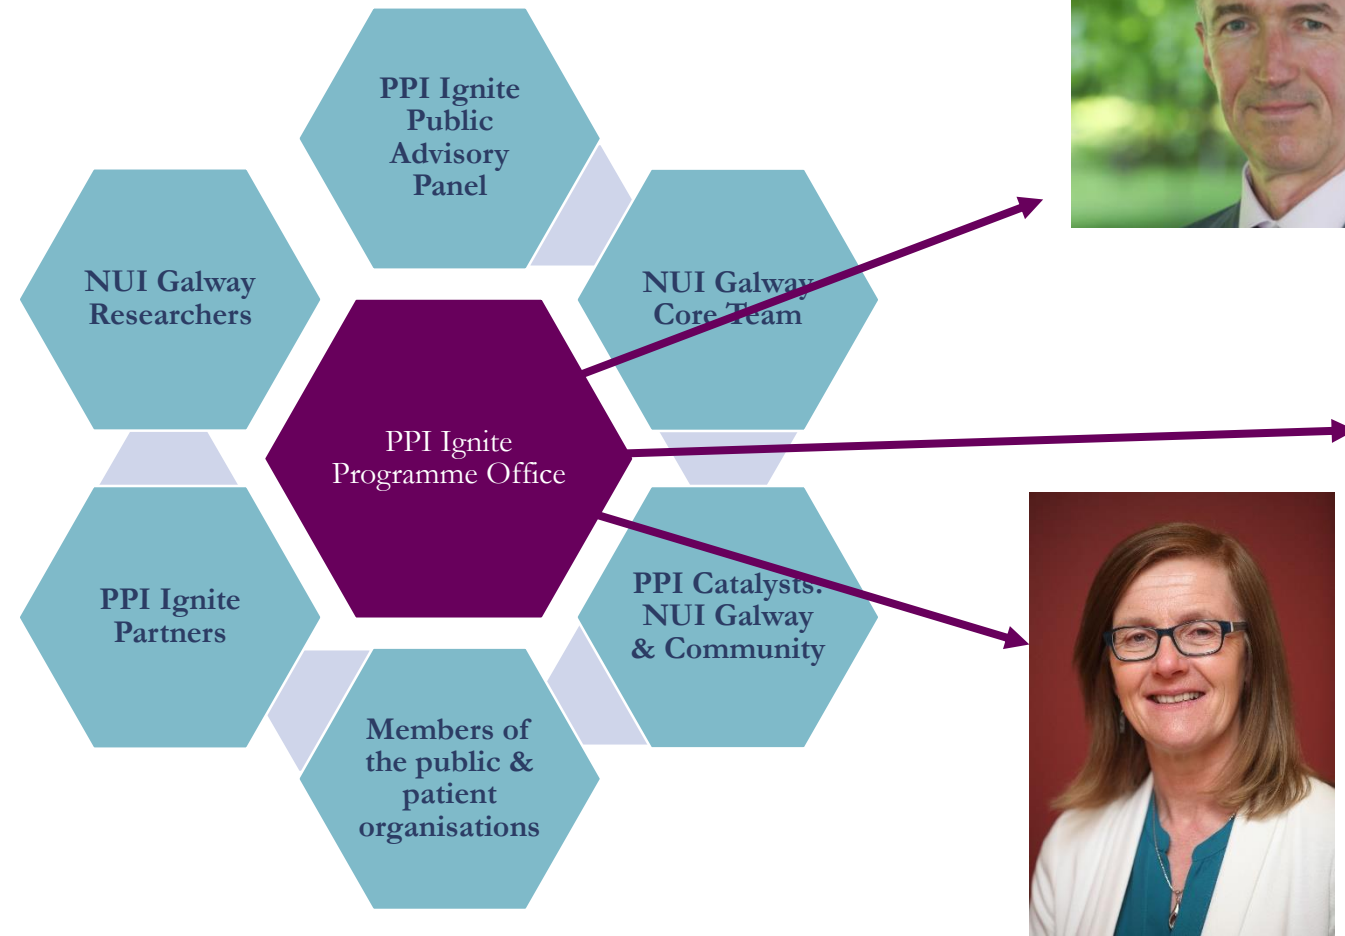

Do whatever it takes

to

Increase Ownership

The background is a vibrant green. On the left, there are silhouettes of a diverse group of people. On the right, a network diagram is overlaid, consisting of white lines connecting various circular icons. Some icons show a single person, while others show a group of people. The overall theme is community and interconnectedness.
