Form No. GSF4
(Version 1, 08 February 2017)

Accreditation for Inter-Institutional Research Modules Form

Principles: A range of inter-university modules and external modules are available for research students. These are usually subject specific modules. Details of the specific registration process should be sought from the module/programme coordinator, where the particular module is being taught.

In the case where an external module is not listed as part of the departmental structured programme, the student must seek the approval of the supervisor(s) before attending such a module. After completing a module, the student should complete below and forward it together with the results to the Student Records Office for processing.
