Friday, 2nd May	Financial Management	MI6271	TSI 210	~		^	Mr R Alagba

### NOTES

1. Physical attendance may not be possible for all classes at all times due to lecturer issues or other government or university restrictions beyond our control. Please note that we may have to change rooms at short notice but will try to keep this to a minimum.

2. The Placement Project involves a number of steps, including: specified work to qualify for placement; successful engagement with Placement staff and Employers. Students on Placement will undertake the module MI6275 Placement Project and associated assessment. This module involves a series of workshops (which may include additional days during Semester 2 and Saturdays during the summer semester).

3. The MSc learning experience is supported through a School Research Seminar Series and an Industry Speaker Series. These series are timetabled independently and where it is possible for you to attend, they are highly recommended.

~ Full time students must take these modules.

\* Year 1 of the part-time programme must take these modules.

^ Year 2 of the part-time programme must take these modules.
