Friday, 2nd May	Advanced Derivatives: Futures, Options & Credit Derivatives	FN624	TSI 128	Compulsory	Compulsory	N/A	Dr T Flavin

NOTES

1. Physical attendance may not be possible for all classes at all times due to lecturer issues or other government or university restrictions beyond our control. Please note that we may have to change rooms at short notice but will try to keep this to a minimum.

2. The MSc learning experience is supported through a School Research Seminar Series and an Industry Speaker Series. These series are timetabled independently and where it is possible for you to attend, they are highly recommended.

3. Our Bloomberg room in the TSI building will host part of the classes for some modules

4. Year 1 of the part-time programme students must take FN624. Students may choose FN625 and/or FN626. Any module not taken in year 1 must be taken in the next academic year.

5. A/B/C group allocation is done by the Timetabling Office and should appear on your studentweb / Moodle by early December.
