

MUSSI Seminar, Workshop and Conference Scheme

The objective of this scheme is to enhance research impact through dissemination and networking.

While the scheme does fund events aimed at an academic community, proposers are asked to consider using their activity to make their research accessible to key external stakeholder groups, such as policy makers, advocacy groups, community services, and industry.

All events funded or part-funded by MUSSI should be billed (or jointly billed) as MUSSI events on posters, publicity, etc. and should include acknowledgement of the support of MUSSI. Any outputs from the funded research activities, including publications, should include acknowledgement of the support of MUSSI. Any future external funding proposals arising directly from the funded activities should where appropriate be submitted either through MUSSI or in collaboration between MUSSI and relevant department(s).

All MUSSI events should strive for gender balance and diversity on panels and programmes.

Applications are peer reviewed.

Criteria for assessment of applications are:

- Feasibility of the proposed event
- Potential for contribution to MUSSI aims, profile and activities
- Interdisciplinarity
