INFORMATION SESSIONS FOR PARENTS, GUARDIANS AND FAMILIES

Enabling you to support your family member
as they start their university journey.

my.maynoothuniversity.ie

Congratulations on your son, daughter or family member reaching University. We look forward to welcoming them to campus in September.

As part of the MyMaynooth Orientation Programme, we host a number of information sessions specifically for parents, guardians and families so that we can give you an insight as to what students can expect during their time here at Maynooth University. At these sessions, we will also highlight the variety of support services available to assist students with finding accommodation, budgeting, making subject choices and many other aspects of university life.

Visit my.maynoothuniversity.ie for more information and to book a parent/guardian/family session!

The **MyMaynooth Orientation Programme** aims to provide a warm welcome to our new students and to support their academic, social and personal development as they begin their university journey.

You can register for a session on the my.maynoothuniversity.ie website.

We look forward to meeting you at one of your sessions and welcoming your loved one to the Maynooth University community.
