

Details: Edgeworth Graduate Student Scholarship

The Department of Economics offers four partial scholarships to those beginning the full-time MSc Economics Programme (PAC Code: MHH52) in September 2022. Two-year Maynooth MSc Economics students (PAC Code: MHH70) who have excelled in the first year of their programme are also eligible to apply.

The total value of the Edgeworth Graduate Student Scholarship for each student is €5,000.

One of four scholarships will be reserved for a non-EU applicant.

Scholarships are merit-based, while also taking gender balance into account.

Application deadline for students from Ireland and other EU countries: June 22nd, 2022

Application deadline for non-EU students: April 30th, 2022

The application procedure is very simple: the applicant writes an email to Aedín Doris (Director of Taught Postgraduate Programmes, Aedin.Doris@mu.ie) and copies the email to Tuvana Pastine (Head of Department), providing a short statement (around 150 words) outlining the motivation for undertaking the Maynooth MSc Economics programme and for applying for the scholarship.
